products in our range

- Allows water to be pumped away on a wet floor installation where conventional drainage is difficult.
- Quiet and safe 12 volt pump quickly and efficiently pumps waste water away to bath or sink waste height.
- Kit contains:
  - flexible drain hose
  - wiring block
  - 12 volt pump
  - pump lead
  - corner cover with built-in soap dish
  - non-slip mat
- Easy to install with the minimum of structural disruption within most screed levels.
- Tough durable material for long lasting appearance.
- Wiring block that controls pump, shower and extractor fan from one electrical source.
- For an unobstrusive addition to wet floor areas the standpipe and box can be cut to any height (just above pump height).

**Note:**

All electrical installations must comply with I.E.E. regulations and must be carried out by a qualified electrician.
